

Dinolandia · Educational visit options and children's workshops

Learning by exploring a world of dinosaurs

Welcome to Dinolandia: an educational leisure adventure among dinosaurs and nature. Discovery, play and scientific curiosity meet life-size animatronic dinosaurs in a Mediterranean woodland setting.

Each group takes part in an age-appropriate experience where observation, exploration, questions, challenges and shared discoveries become learning tools. Students are not merely visitors: they become the protagonists of an adventure and discover dinosaurs through direct experience. The programme connects with learning and skills across educational stages. At Dinolandia, learning can also be an adventure.

Early years · Ages 3–6

‘The dinosaurs have woken up!’: admission plus the Dinolandia expedition, with games and challenges along the route. The original brochure lists €10 and a duration of 1½ hours. Young explorers search for dinosaurs, observe their size, shape and movements, imitate their walking, discover sounds, compare features, explore woodland and learn what animals need to live.

Dinolandia and the Educational Ark: an adventure of discovery combining admission, the Dinolandia expedition and the Educational Ark animal workshop. The original brochure lists €15 and a duration of 2½ hours. Explore Dinolandia and interact with present-day mammals, small reptiles, insects and birds.

Primary years 1–2 · Dinolandia explorers

Admission, guided expedition and Research Centre workshop. The original brochure lists €10 and 2½ hours. Students become explorers on a mission to observe, discover and compare dinosaurs through small observation challenges.

The Educational Ark option adds the animal workshop to the expedition: €15 and 2½ hours in the original brochure. Meet mammals, small reptiles, insects and birds.

Primary years 3–4 · Palaeontologists for a day

Admission, guided Dinolandia expedition and Research Centre workshop. The original brochure lists €10 and 2½ hours. An investigation mission interprets evidence to discover what dinosaurs were like and how they lived.

The Educational Ark option combines the guided expedition and animal workshop: €15 and 2½ hours in the original brochure.

Primary years 5–6 · Guardians of time

Admission, guided Dinolandia expedition and Research Centre workshop. The original brochure lists €10 and 2½ hours. Discover how ecosystems work and what the past can teach us about understanding and protecting biodiversity.

The Educational Ark option combines the guided expedition and animal workshop: €15 and 2½ hours in the original brochure.

Secondary, vocational and adult groups · The enigma of time

A different experience combines a guided Dinolandia expedition and an escape room. Teams overcome challenges, interpret clues and work together to solve a dinosaur mystery. Observation, connecting information, decisions and cooperative problem-solving turn the visit into an investigation adventure.

Each group receives a mission to solve using clues and knowledge gained during the visit. Can you uncover the mystery before time runs out? Success depends on observation, communication, organisation and teamwork. The original brochure lists €12 and 2½ hours. The guided expedition and Educational Ark alternative is listed at €15 and 2½ hours.

Combined visits · All ages and stages

Self-guided Dinolandia and El Bosque Encantado visit: admission to both parks, accompanied by your school's responsible adults. The original brochure lists €14 and 2½ hours, plus the break between the two visits.

Guided Dinolandia and El Bosque Encantado visit: admission and guided visits to both parks, accompanied by our educators. The original brochure lists €16 and 2½ hours, plus the break between visits.

Adopt your dinosaur activity: a children's activity centred on the velociraptor, as shown in the original brochure.

Important information and reservations

Activity schedules depend on the children's pace and arrival time. Teachers' preliminary visits are free on Fridays from 10:30, with advance notice and appropriate identification. A detailed workshop brochure is available by email on request.

Children should bring suitable clothing and plenty of water: the water in the park is not drinking water. Prices and options above are translated from the original educational brochure; confirm availability and the current school-group quote when booking.

Reservations: grupos@bosqueencantado.net · 621 27 73 79 · www.bosqueencantado.net. The original brochure gives Camino de Marañones, 4, San Martín de Valdeiglesias, Madrid; the current visitor address is Camino de Marañones, 217.
